

INTEGRATED POLICY OF MANAGEMENT SYSTEMS POLICY

In line with our vision, we strive to achieve a clear goal of being a leader in creating and delivering cathode materials solutions through activities focused on safety, sustainability, efficient use of energy and raw materials, and the highest quality of our products, which will help positively shape the planet and society while providing lasting value to our stakeholders.

In accordance with the values and beliefs we represent, we declare that our company’s activities will be based on the pillars defined by the implemented and maintained management systems, such as:

ISO 9001

CONSISTENCY AND
STANDARDIZATION
